

AIM: Formally confirm all pre-solo requirements and authorise first solo flight when all conditions are met.

BASIC REQUIREMENTS – ALL SOLO FLIGHTS

- ☐ Valid RAAus Student Pilot Certificate held
- ☐ 15 years or older
- ☐ Financial RAAus flying membership current
- ☐ Health declaration current
- ☐ Pre-Solo Air Legislation Exam passed (min 80%)
- ☐ E2-E7 all at S standard (Phase 1 gate recorded)
- ☐ E8 (Take Off) at S standard
- ☐ E11 C1 completed; C2A at S standard on **two flights**
- ☐ E11 C3 circuit emergencies at S standard on **two flights**
- ☐ Radio: circuit calls; radio failure procedure known
- ☐ Weather: xwind <5 kt. ceiling >1500 ft AGL. vis >8 km.
no turbulence/showers

CROSSWIND REQUIREMENTS – CROSSWIND SOLO FLIGHTS (5-8 KT)

- ☐ All BASIC requirements met, PLUS
- ☐ C2B crosswind circuits at S standard on **two separate flights** in 5-8 kt crosswind

WEATHER DECISION TABLE

- **Xwind <5 kt + BASIC met** → ☒ Solo authorised
- **Xwind 5-8 kt + CROSSWIND met** → ☒ Solo authorised
- **Xwind 5-8 kt + CROSSWIND NOT met** → ☒ No Solo.
Conduct C2B today
- **Xwind >8 kt** → ☒ Do not solo; move to Phase 3; rebook when conditions allow

PRE-SOLO BRIEF – STUDENT MUST STATE

- EFATO plan for today's specific runway and conditions
- Radio failure procedure from memory
- Intended solo flight: circuit direction, radio calls planned, landing type
- Stable approach gate and abort point commitment
- Maintenance release reviewed and briefed

STANDARDS FOR PROGRESSION

P S

All BASIC (and CROSSWIND if applicable) checklist items must be ticked and confirmed in the training record before solo is authorised. **Do not authorise if any doubt exists – there is no time pressure.**

C NC

⚠ SAFETY Zero wind days may pose an issue with floating past abort point – assess student in this regard during dual portion of the lesson. Emphasis on abort point discipline. Instructor **must** be able to observe entire first solo with clear view of circuit and runway. Radio available on CTAF throughout. Have a clear plan for intervention if student deviates significantly. Conditions must still meet minima at time of departure – cancel and rebook if conditions deteriorate after authorisation
